

EARL PEREZ

Software Engineer

earlperez.me
ebcperezcsc@gmail.com
<https://github.com/ebcp-dev>

Education

Western Governors University
Bachelors of Science in Computer Science
2018 - 2019

California State University Sacramento
Computer Science
2014 - 2018

- Learned the fundamentals of computer science and software engineering.

Projects

Forum'd
Express, React, MongoDB, Passport
2018

- Created an online forum with Node.js/Express, React, MongoDB and Bootstrap.
- Users can register accounts and create and edit a profile to track activity.
- Users can also submit, comment, edit, delete posts.
- Passport.js and Bcrypt.js are used to handle authentication.
- Project Link: <http://theforumd.herokuapp.com/>

React Weather
React, Axios, Bootstrap
2017

- A weather app created with React and deployed with Github Pages.
- Shows current weather data of location (temperature, climate, visibility, wind speed, etc.).
- Used Axios to get JSON data from Dark Sky API and the Google Maps API.
- Project Link: <https://ebcperez.github.io/reactjsweather/>

Experience

Student Assistant Web Developer
California Secretary of State
May 2018 - July 2018

- Used HTML and CSS to improve and maintain the Secretary of State website under the supervision of SOS staff.
- Ensured that web pages and documents were ADA compliant for easier accessibility.
