EARL PEREZ

Software Engineer

earlperez.me
ebcperezcsc@gmail.com
https://github.com/ebcp-dev

Education

Western Governors University

Bachelors of Science in Computer Science

2018 - 2019

California State University Sacramento

Computer Science

2014 - 2018

- Learned the fundamentals of computer science and software engineering.

Projects

Forum'd

Express, React, MongoDB, Passport

2018

- Created an online forum with Node.js/Express, React, MongoDB and Bootstrap.
- Users can register accounts and create and edit a profile to track activity.
- Users can also submit, comment, edit, delete posts.
- Passport.js and Bcrypt.js are used to handle authentication.
- Project Link: http://theforumd.herokuapp.com/

React Weather

React, Axios, Bootstrap

2017

- A weather app created with React and deployed with Github Pages.
- Shows current weather data of location (temperature, climate, visibility, wind speed, etc.).
- Used Axios' to get JSON data from Dark Sky API and the Google Maps API.
- Project Link: https://ebcperez.github.io/reactjsweather/

Experience

Student Assistant Web Developer

California Secretary of State

May 2018 - July 2018

- Used HTML and CSS to improve and maintain the Secretary of State website under the supervision of SOS staff.
- Ensured that web pages and documents were ADA compliant for easier accessibility.

Skills

JavaScript
Java
